WHEREAS, SPU currently operates and maintains underground water facilities and drainage and wastewater facilities located in the Vacation Area and Lake Union Park that serve only Lake Union Park; and

WHEREAS, it is the policy of SPU that responsibility for utility facilities, including drainage, wastewater, and water service facilities, that benefit only one property be transferred to the owner of the benefited property; and

WHEREAS, upon the effective date of the final vacation ordinance, SPU desires to transfer to PARKS all responsibility for the drainage, wastewater and water service facilities located in the Vacation Area and Lake Union Park with the exception of all water lines and appurtenances located in the western 30 feet of the southern 25 feet of the Vacation Area including a 6-inch water meter and a pipe union connecting the 6-inch water meter to the other water lines; and

WHEREAS, SPU and PARKS wish to enter into this Agreement to delineate responsibilities for the underground utilities within the Vacation Area and Lake Union Park;

NOW, THEREFORE, in consideration of the terms, conditions and performances contained herein,

EFFECTIVE ON THE EFFECTIVE DATE OF THE ORDINANCE VACATING THE VACATION AREA, IT IS MUTUALLY AGREED AS FOLLOWS:

1. PARKS Responsibility.

A. Water. PARKS accepts responsibility for all existing underground water facilities in the Vacation Area and Lake Union Park except the facilities described in Section 2. A. below ("PARKS Water Facilities").

B. Drainage and Wastewater. PARKS accepts responsibility for all existing underground drainage and wastewater facilities in the Vacation Area and Lake Union Park, including the outfall extending into Lake Union from the Vacation Area ("PARKS Drainage and Wastewater Facilities").

C. Location of PARKS Water, Drainage and Wastewater Facilities. Although the complete inventory of PARKS' Water Facilities and PARKS' Drainage and Wastewater Facilities is not known because Lake Union Park was previously owned by the United States Navy, Attachments 3 and 4 depict the inventory of existing drainage and wastewater facilities to the best of SPU's and PARKS' current knowledge. PARKS' acceptance of responsibility for drainage and wastewater facilities in Lake Union Park is not limited to the inventory depicted on Attachments 3 and 4.

D. Scope of Responsibility for PARKS Water, Drainage and Wastewater Facilities. PARKS is responsible, at its expense, for operation, maintenance, repair, improvement, alteration and replacement of PARKS Water Facilities and PARKS Drainage and Wastewater Facilities as well as installation of any new water and drainage and wastewater facilities deemed necessary by PARKS to serve the needs of the Vacation Area and Lake Union Park.

E. PARKS Responsibility for Damage to SPU Water Facilities. PARKS shall be responsible at all times, at its sole cost and expense, for the repair of any and all damage to the SPU Water Facilities (defined in Section 2.A. below) caused by PARKS, its employees or contractors.

2. SPU Responsibility.

A. Water. SPU retains and accepts responsibility for all water lines and appurtenances ("SPU Water Facilities") located below the surface of the western 30 feet of the southern 25 feet of the Vacation Area ("SPU Use Area") including a 6-inch water meter and a pipe union connecting the 6-inch water meter to the other water lines. The SPU Use Area is the subsurface area depicted on Attachment 5. SPU shall be responsible at all times, at its sole cost and expense, for safely operating and maintaining the SPU Water Facilities in good condition. Maintenance in good condition includes repair, improvement, alteration and replacement of the SPU Water Facilities.

B. Drainage and Wastewater. Under Mayoral Executive Order 01-08, SPU is the lead department for the City of Seattle ("City") for matters related to overall permitting requirements for the City's National Pollutant Discharge Elimination System (NPDES) Municipal Stormwater Permit ("NPDES Permit") issued by the Washington State Department of Ecology ("Ecology"). The drainage outfalls extending into Lake Union from the Vacation Area and Lake Union Park ("Lake Union Outfalls"), which are part of PARKS Drainage and Wastewater Facilities, are covered by the City's NPDES Permit. Per Executive Order 01-08, SPU will be responsible for providing PARKS with sufficient information and technical support relating to compliance with the NPDES Permit for PARKS Drainage and Wastewater Facilities, including the Lake Union Outfalls. PARKS shall be responsible for providing SPU all necessary information, reporting elements and supporting material necessary for the PARKS Drainage and Wastewater Facilities, including the Lake Union Outfalls, to comply with the reporting requirements and associated deadlines of the NPDES Permit.

C. SPU Responsibility for Damage. Except as provided in Section 4 below, SPU is responsible at all times, at its sole cost and expense, for all damage (including costs of repair or restoration or replacement as applicable) to the Vacation Area and Lake Union Park (including park improvements, paving, surface features, structures, furniture or vegetation) caused by malfunction of the SPU Water Facilities or acts or omissions of SPU or its employees or contractors in connection with exercise of rights or obligations under this Agreement (including access to or operation and maintenance of the SPU Water Facilities).

3. SPU Use of Lake Union Park and Vacation Area.

A. SPU Use of SPU Use Area. PARKS authorizes SPU to operate and maintain SPU Water Facilities in the SPU Use Area. Operation and maintenance includes, but is not limited to construction, reconstruction, alteration, improvement, inspection, operation, maintenance and repair.

B. SPU Access and Work. Lake Union Park is heavily used by the public with many scheduled special events. Consequently, SPU shall have pedestrian access to the SPU Use Area for inspection purposes at all times so long as due care is taken to protect the public. For all other access and activities, except emergency repairs, SPU shall coordinate with and obtain written permission from PARKS prior to any use or occupancy of the Vacation Area or Lake Union Park, including access by vehicles or heavy equipment. Except in case of emergency, SPU shall notify PARKS in writing at least five (5) working days in advance of any anticipated use or occupancy of the Vacation Area or Lake Union Park or access by vehicles or heavy equipment and shall specify the scope and duration of the use, occupancy or access. Written permission from PARKS means acknowledgement of SPU's desired use or occupancy or access by vehicles or heavy equipment and approval from PARKS in writing of scope of work, timing, duration and restoration. SPU shall complete all work as expeditiously as possible and, except as provided in Section 4 below, shall restore the Vacation Area and Lake Union Park to the condition existing prior to initiation of work to the extent feasible.

C. Fees. SPU will pay for PARKS staff time, at the prevailing rate for staff time under the revocable use fee schedule, to review SPU requests. SPU will not be obligated to pay PARKS any other fees to use or occupy the Vacation Area or Lake Union Park while working under the terms of this Agreement, including but not limited to application fees, daily use fees, or revocable use permit fees.

PARKS shall invoice SPU for these services. The invoice will include a break down listing the names of PARKS staff that reviewed the SPU requests, their salary rate, overhead rates and number of hours worked on the SPU request.

Invoices will be mailed to:

SPU Accounts Payable
PO Box 34018
Seattle WA 98124-4018

4. Limitations on PARKS Use of Vacation Area. PARKS shall not construct or install or permit the construction or installation of any structure, building, fence, wall, rockery, or obstruction of any kind in the SPU Use Area, nor plant or permit the planting of trees or shrubbery within the SPU Use Area without prior written permission from SPU. Unless otherwise agreed by SPU, PARKS shall be responsible for all costs of removal, relocation and reinstallation of any new structure or landscaping that interferes with SPU's operation and maintenance (as defined in Subsection 3.A. above) of the SPU Water Facilities.

PARKS shall not install or permit installation of new utility facilities, such as conduits, cables, pipelines, vaults, poles, posts, whether public or private, within five (5) horizontal feet of the SPU Water Facilities as depicted in Attachment 5. In addition, any utility facility crossing the SPU Water Facilities must be a minimum of 18 vertical inches away from the SPU Water Facilities. SPU will provide more detailed information about location of SPU Water Facilities upon request.

Legislation Title:

AN ORDINANCE vacating a portion of Terry Avenue North, on the petition of the Seattle Department of Parks and Recreation (Clerk File 310009); designating the vacated portion of Terry Avenue North and Westlake Avenue North as an addition to Lake Union Park, and placing it under jurisdiction of the Department of Parks and Recreation.

Summary of the Legislation:

This Council Bill completes the vacation process for a portion of Terry Avenue North and Westlake Avenue North on the petition of the Seattle Department of Parks and Recreation (the "Petitioner" or "Parks") as part of the development and enhancement of Lake Union Park.

Background:

The Petitioner sought vacation of a portion of Terry Avenue North and Westlake Avenue North in South Lake Union. On December 7, 2009, the City Council voted to conditionally grant the vacation petition. Lake Union Park includes about 12 acres of property and provides open space park activities. The portion of Terry Avenue North that Parks petitioned to vacate divides the main portion of the park into two pieces. This portion of Terry Avenue North is developed as open space serving the general public and the vacation supports a cohesive design of Lake Union Park, emphasizing pedestrian access and a quiet enjoyment of the space. The portion of Westlake Avenue North will be developed as part of the Native American Canoe Center.

Parks has met its public benefit requirement by developing the former street right-of-way as open space serving the general public.

Parks has satisfied all the conditions imposed by City Council.

c) **Does this legislation affect any departments besides the originating department?**
No. As part of the initial vacation review process, all interested departments were notified of the vacation petition and asked to comment. Any identified issues were resolved prior to the approval of this final legislation.

d) **What are the possible alternatives to the legislation that could achieve the same or similar objectives?**
None. This legislation completes the vacation process.

e) **Is a public hearing required for this legislation?**
No.

f) **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**

Honorable Tim Burgess
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Burgess:

I am pleased to transmit the attached proposed Council Bill that completes the street vacation process for the Seattle Department of Parks and Recreation (Parks). Parks sought to vacate a portion of Terry Avenue North that separated Lake Union Park into two pieces, along with a portion of Westlake Avenue North that was developed as part of the park.

On December 7, 2009, the City Council voted to conditionally grant the petition to vacate a portion of Terry Avenue North and Westlake Avenue North. Parks proposed the street vacation of the right-of-way through the park grounds and relocated access to the edge of the park. Lake Union Park is designed to optimize access to water and green space, connect the surrounding neighborhoods, and celebrate the cultural, industrial, and maritime heritage of the city and region. Park features include a restored shoreline, a pedestrian bridge, a model boat pond, a history trail, a fountain of water jets, boat launching area, a grove of trees, footpaths, park benches, and infrastructure to support large events. The vacation supports a cohesive design and operation of the park. The vacation makes the public open space provided at Lake Union Park permanently available to the public because park property is afforded special protections under Ordinance 118477.

Parks has met its public benefit requirement for this vacation by developing the former right-of-way as open space for the general public. The proposed legislation supports the City's vision for Lake Union Park. Thank you for your support of this legislation. If you have any questions, please contact Beverly Barnett at (206) 684-7564.

Sincerely,

Edward B. Murray
Mayor of Seattle
